Roll Off & Hooklift Truck Tarp Systems

...For Detachable Container
Trucks in Refuse & Recycling

Roll-Rite® DC Series

Electric Gear Motor

Tower & Integrated Housing

Wireless Controls

Pivot Mount Styles

Quality, durable tarp components engineered for tarping detachable container trucks.

DC Series Tarp System Benefits:

- **The Super Duty Electric Gear Motor:** Designed for heavy duty truck and trailer tarping, our patented Super Duty is the tarp industry's leading gear motor. Our TarpMaster® with 5-year warranty is standard on DC200 Series systems
- **The Tower, Integrated Housing Tarp Spool:** Ships Completely Pre-Assembled... with pre-installed, pre-wired and pre-tested Integrated Housing and Super Duty Gear Motor, Power Pack Unit and Black Box™ Wireless Controls. Standard Equipment includes Work Lights and Coil Cord (optional on DC200) Pre-wired fast "install-ready" hookup in under 10 hours. Bolt-on Mountings on Power Pack and Black Box mountings for installs needing more flexibility. Durable black powder-coated finish on tower provides added durability and corrosion resistance. Easiest to Install with 12-inches of clearance behind cab. Tower Mounting Brackets are available in either U-Bolt or Side Frame style, call for details
- **Wireless Controls:** Systems with adjustable features come standard with our Black Box™ wireless controls with keyfob remotes. Sealed membrane push button operation. Work light button with remote control access. Meets SAE International Standard for Heavy Duty Vehicle Applications (SAE# J1455). "Install-Ready" pre-wired, improved external connections for fast hookup. Automatic Timed Lockout, No Key lockout needed. Press Ch1 and Ch2 buttons or keyfob to unlock or re-lock. Clearly see what you tarp with 360° walk-around remote operation, preventing load obstruction
- **The Arms:** Roll-Rite® tarp arms consist of a lower pivot arm and upper tarp bow made from a specially treated, high strength extruded aluminum alloy buffed and polished to a mirror-like finish. Arm design delivers the lightest, most durable tarp arm with maximum strength to weight ratio. Telescopic fit for easy installation and widest range of system variations. 45°Pivot Offset option is the strongest offset available. Effectively positions base pivot arm parallel to hoist frame, reducing load interference

Tower Mounts:

Tower mounting brackets (call for details):

- U-Bolt Tower Mounting Brackets

- Side Frame Tower Mounting Brackets

- Angle Iron Mounting Brackets

DC200 Stationary / DC203 Adjustable / DC204 Pickup Chassis

For small trucks with same or similar size containers using up to 24 feet of tarp. For more detail, see our DC200 Series brochure. DC200 may feature:

- TarpMaster® 98" Tarp Spool w/ Integrated Housing, Stationary Tower
- External Pivot Mount Set
- Single Function RF Controller w/ 1 Keyfob
- Wide Tarp Bow Set
- Optional: Worklights (standard on DC203/DC204)
- (shown) DC203 with Adjustable Tower, Black Box™ Controls & 2 Keyfobs, and Optional 45° Offset Pivot Arms

DC350

For trucks with varying size containers up to 40yds and using up to 30 feet of tarp. For more detail, see our DC350 brochure. DC350 may feature:

- Super Duty 98" Tarp Spool w/ Integrated Housing, Adjustable Tower
- Patented Sliding Pivot Mount Set w/Narrow 3" profile
- Wireless Power Pack w/ Black Box™ Remote, 2 Keyfobs
- Wide Tarp Bow Set
- Worklights
- Option: DC352 with 2-stage tower adjusts from 5 feet up to 11 feet above truck frame to allow clearance on taller containers

DC400

DC 400 for trucks with similar containers using up to 30 feet of tarp. For more detail, see our DC400 Series brochure. DC400 for trucks may feature:

- Super Duty 98" Tarp Spool w/ Integrated Housing, Adjustable Tower
- Top Mount Pivot Set
- Wireless Power Pack w/ Black Box™ Remote, 2 Keyfobs
- Wide Tarp Bow Set
- Worklights
- Option: 2-stage tower adjusts from 5 feet up to 11 feet above truck frame to allow clearance on taller containers

- (shown at right) Optional 2-Stage Tower

Pivot Mounts:

Mounting styles based on truck and container needs:

- External Mount for smaller trucks

- Top Mount for similar sized containers

- Sliding Pivot (DC350) for varying sized containers

Tarps By Roll-Rite®

Premium Mesh

- Load Type: Refuse, General
- Fabric: 7.7 oz premium 7.5x5 weave with two 1000 denier polyester UV coated twisted strands (1500Dx1000D)
- Key Benefit: Premium strength, longer life cycle than industry standard mesh

Super Tough Mesh

- Load Type: Challenging Scrap, Construction & Demolition
- Fabric: Premium 16 oz heavy, 7x7 weave with 7,500 denier UV protected strands of polypropylene breathes enough to minimize flapping
- Key Benefit: Longer life, up to 3x-5x wear life over other scrap tarps

The Pleated Tarp Design:

You can have the benefits of both a straight tarp and a flapped tarp with none of the hassles. Fabricated with two pleated folds along the length, the tarp can expand up to 10' wide to function like flaps. Pleated Tarps are a custom order. The Pleated Tarp lets you...

- Eliminate shock cords
- Forget the seams
- Stop straining to reach the center of a flapped tarp
